

Features

- Fast response time.
- Bi-polar surge absorber, it will fail open if the surge withstand capacity is exceeded.
- Small inter-terminal capacitance.
- High insulation resistance (1X10⁹h. min).
- Excellent surge withstand capability (300times at 100A, 8X20μs).
- Small size for compact circuit design.

Applications

- xDSL modems, Splitters, BS tuner, CRT, VCR, Telephone, Modems, Car audio and GPS.
